Look at this catalog—it's small;
look at the prices—they're low.
The reduced catalog and the re-
duced prices go together. AND
YOU GET THE SAVINGS.

WILLOW DAHLIA GARDENS

CEDAR GROVE, NEW JERSEY

Tel. VERona 8 - 5712

Please Read Before Ordering

We have cut expenses to the bone to give you extra value for your money this year. Descriptions are brief, those of you that have our last years catalogue can secure most of the descriptions from that. We wish to thank you for your patronage and to assure you we will try to merit the continuance of it. All plant orders will be sent post paid in first two zones, those at greater distance should add twenty-five cents for special handling stamp.

GUARANTEE.

We guarantee all plants and tubers shipped to be true to name, free from disease and reach you in a healthy growing condition. Any tuber found defective must be returned for replacement. No Tubers will be shipped before May first except at your own risk.

Order Early—Then you will get what you want. In certain varieties we have only limited stock. All orders are filled in rotation and stock is subject to prior sale. Keep a copy of your order for comparison. Order early.

Terms—Payment in full with order.

Minimum Order—No order for less than one dollar.

Quantity Orders—One dozen of any variety at the price of ten.

Substitution—We do not substitute unless you authorize us to do so. Or, name a second choice. This is wise when you are ordering late in the season.

Size of Roots—Size of root does not make a plant large or small. Some varieties usually have large, others small roots. The essential thing is a growing bud and this you will get on each root.

Transportation Charges—We pay postage including the insurance on parcel post shipments on retail orders of roots to all parts of the United States and Canada.

Time of Shipping—We will ship orders around May 15. If this date does not agree with your plans, tell us when you wish your order shipped.

Care of Roots—Unpack and plant at once. Do not leave roots lying around, they will dry out.

California Grown Dahlia Seed

This year we offer seed not our own but from a California grower who produces prize winners.

For \$5 you can buy 100 seeds of the highest quality. Every plant will be interesting; every one will be a new variety; you will have suspense and uncertainty; most, let's be quite clear, will be disappointing, but over these you will laugh, for you took your chances knowingly; then there may be a gorgeous dahlia, a new dahlia, your own, which you raised and which you may name. And this dahlia cost you 5c. Try some seed this year.

Grade A	\$5.00 per 100 selected seeds.
Grade B	\$2.50 per 100 selected seeds.
Grade C	\$1.00 per 100 selected seeds.

	Tubers	Plants

We're going to make worthwhile a little work with your friends. We're going to offer you 1|5 off on any \$50 order you send in. You can make as many separate orders out of it as you have to; each will be packed and sent separately but the total must be at least \$50. This can very well be the start of a Garden Club in your neighborhood and you taking the leadership will be President of the Club.
